

PENN TOWNSHIP TREE CUTTING POLICY

Penn Township has had numerous incidents, in the past, with over hanging tree limbs damaging vehicles as they travel on township roads. Trees and bushes that infringe on or over the roadway are the responsibility of the property owner to cut and maintain to limit their liability.

The right- of –way line on most township roads is 33’ or 16.5’ from the center of the road. In developments the township has a 50’ right-of-way or 25’ from the center of the street. Please help us achieve this goal and help us limit our liabilities as well as yours!

Daryl J. Lefever / Public Works Director / Penn Twp.
