

Building Permit Application Checklist

A complete application...

Must	include:
	Completed, signed and dated Building Permit application
	A <u>detailed</u> plot plan which includes drawings of all existing and proposed structures on the property. (including patios, decks, driveways, porches, sheds, sidewalks, etc.)
	Distances between all aforementioned structures on the property and the measurement of those structures from property lines
	Detailed Building plans for proposed project (2 copies for residential/3 copies of stamped drawings for non-residential)
	Third Party designation election
lf app	licable:
	Completed, signed and dated Zoning Permit application
	Completed, signed Stormwater Management Exemption
	Proof of Workers' Compensation Insurance or Affidavit of Exemption

Please note that depending on the scope of the work being completed on the property, multiple permits may be required for the same project. (ie. a driveway project may require a driveway permit, zoning permit and a stormwater management plan permit).

***IMPORTANT:

Call PA One Call before digging at 1-800-242-1776.

Items and Information to be Included with a UCC Building Permit Application

1. Building Site Plan indicating:

- a. Location of Proposed and Existing Buildings
- b. Location of Property Lines
- c. Building Setback Dimensions
- d. Location and Depth of Building Water Service Pipe (or Well)
- e. Location and Depth of Building Sewer (or Sewage System for On-Site Facilities)
- f. Location and Depth of Foundation Drainage Facilities (Drain Fields, if Applicable)
- g. Location of Driveway (Distance to Property Lines)
- h. Any buried utilities

2. Foundation and Framing Plan (one view as cross sectional from bottom of footings to top of shingles):

- a. Footings-size, thickness, and depth below grade
- b. Isolated piers -size and thickness
- c. Reinforcement -size and location of rods (if used)
- d. Foundation Wall-size, height of backfill, method of damp proofing, type of mortar and type of reinforcement to be used
- e. Foundation Drains -type and location
- f. Sill Plate/Anchor Bolts -size and location
- g. Basement/Garage Slabs -thickness of concrete and stone base
- h. Floor Joist -size, spacing, span, and type of lumber
- i. Floor Sheathing -thickness and type
- j. Wall Framing -size and spacing
- k. Exterior Wall Covering and Insulation
- l. Corner Bracing
- m. Headers and lintels -size-drawings of design and spans to be used
- n. Interior Finish on Wall and Ceiling
- o. Roof Ventilation
- p. Roof Pitch
- q. Rafters and/or Roof Trusses (if used, require shop drawings meeting TPI requirements) size, spacing, span, bracing, and collar ties
- r. Roof Sheathing -thickness, type, and edge blocking
- s. Roof Covering

- t. Girders/Beams -size, span, and type
- u. Girder/Beam Support -size, and type
- v. All Stairways -width, rise and run of stairs, headroom, and height of handrail
- w. Guardrails -height and spacing
- x. Crawl Spaces -Height of framing members above exposed earth, vapor barrier, ventilation, and access hole (18"x24" minimum required)
- y. Ceiling Heights
- z. Secondary egress/rescue opening for finished basements

3. Interior Floor Plans of All Areas Indicating:

- a. Use or identification of Each Area, i.e.; kitchen, bedroom, etc.
- b. Dimensions of All Areas including Hallways and Doors
- c. Smoke Detectors -Location on Each Floor (including Basement), in bedrooms and interconnection
- d. Bathroom Ventilation
- e. Attic Access (22"x30" minimum required)
- f. Windows -size and type NOTE: One approved window is required in each sleeping room with a minimum net clear opening of 5.7 square feet with a minimum net clear opening height of 24 inches and a minimum net clear opening width of 20 inches. (Grade floor window may have a minimum net clear opening of 5.0 square feet.)
- g. Fire separation between garage and residence
- h. Glazing -hazardous locations (large picture windows, special glass applications, skylights)
- **4. Energy-**a written plan to comply with the energy code.
- a. Generic compliance sheet showing values for windows, doors, skylights, walls, roof, ceiling, etc.
- b. A design print-out from RES-check
- c. Any other code accepted method.

5. Electrical

- a. Service size, power company providing power, power company job number
- b. General details, GFI & AFI locations, dedicated circuits
- c. Appliance loads

6. Mechanical

- a. Service type (electric, gas, oil?)
- b. General details of distribution system including type, and insulation values.
- c. Appliance loads and efficiencies

7. Plumbing

- a. Service type (public or private?)
- b. General details of distribution system including type of piping, and insulation (if required)

c. Fixtures, appliances and general riser diagrams.

8. Miscellaneous Requirements

- a. Fireplace
- (1) Width of hearth
- (2) Firebox opening size
- (3) Distance between firebox opening to combustible trim
- (4) Lintel
- (5) Mortar type
- b. Chimney
- (1) Footing size and thickness
- (2) Termination above roof
- (3) Flue lining size and surrounding material
- (4) Thimble location to combustibles
- (5) Chimney clearance to combustible framing
- (6) Fire stopping
- (7) Mortar type
- c. Wood/Coal Stoves
- (1) U/L listing information
- (2) Clearance to walls, ceiling, and combustibles
- (3) Hearth/foundation structural design information

If <u>detailed</u> information is supplied with a UCC Building Permit Application, it typically reduces the amount of time required for application review for compliance with the UCC, and subsequent approval by Township. If project specifics are not included with an application, the permit may be considered incomplete and may be denied.

Please note, that most projects that require a UCC Building Permit, also require a Zoning permit and other approvals prior to permit issuance and a project being started.

If you have questions relating to proposed project permitting requirements, please visit Penn Townships website at www.penntwplanco.org.

Respectfully,

Matthew Reeser

Penn Township Building Code Official

Zoning and Codes Officer

Building Permit Application Instructions

RESIDENTIAL BUILDING PERMIT APPLICATIONS

- All residential building permit application must be submitted with pages 1, 2, 3 and 6 of this application, 2 complete sets of building plans, a Zoning Permit Application with detailed plot plan showing all impervious coverage on the property, Stormwater Management Plan or Exemption and Third Party Selection Form. These plans should include all architectural and structural details, including door and window schedules, plumbing, mechanical and electrical details and specifications.
- A Certificate of Workman's Compensation Insurance or Affidavit.
- Be advised, that the UCC permits a 15 business day review period and the Township Ordinance permits a 90 day Zoning review period for all residential building permit applications. No work shall begin on any project until a building permit has been issued and paid.

NON-RESIDENTIAL BUILDING PERMIT APPLICATIONS

- All non-residential building permit applications must be submitted with <u>all</u> pages of this application, 3 complete sets (paper) and an electronic set of building plans. These plans must include all architectural and structural details, including plumbing, mechanical, electrical, fire protection and accessibility details and specifications.
- ALL PLANS FOR NON-RESIDENTIAL PROJECTS MUST BE PREPARED, STAMPED AND SEALED BY EITHER A REGISTERED ARCHITECT OR A LICENSED PROFESSIONAL ENGINEER LICENSED IN THE COMMONWEALTH OF PENNSYLVANIA. There is no exception to this law regardless of project size.
- Three (3) detailed site plans for each project.
- Full engineering data and calculations must be submitted with all non-residential building permit applications as listed above. These would include, but are not limited to: fire protection calculations, HVAC ventilation schedules, plumbing fixture unit calculations, fuel gas pipe sizing calculations, etc.
- Be advised, that the UCC permits a 30 business day review period for all non-residential building permit applications.
 No work shall begin on any project until a building permit has been issued and paid.
- A Zoning Permit Application, Stormwater Management Plan or Exemption form and Third Party Selection Form.
- A Certificate of Workman's Compensation Insurance or Affidavit.

Upon payment for and issuance of a building permit, a permit placard along with supporting documentation will be returned to the permit applicant. The documentation will detail all required inspections that are specific to the project for which the permit has been issued. Any questions concerning the inspection schedule should be directed to the third party selected.

INSTRUCTIONS FOR SITE PLAN

Plan does not need to be drawn to scale, but must show the following:

- 1. Location (names of abutting street(s) and dimensions of lot
- 2. Distances between proposed new structure and property lines, including front, rear, and both sides
- 3. Location, dimensions and uses of all existing and proposed structures and impervious areas on lot
- 4. Location of existing and proposed on-lot wells and sewage disposal systems, if applicable, and distances to proposed new structure
- 5. Location of stormwater management facilities, streams, wetlands, or other water bodies
- 6. Location of easements
