

TELL US WHAT **YOU THINK!**

We update the 12-Year Program every two years.

The update process begins after the release of the [Transportation Performance Report](#) (TPR). The TPR demonstrates how Pennsylvania's transportation system has performed over the last two years. We encourage you to read the report and then **Tell Us What You Think** during our **Public Comment Period**.

COMPLETE THE SURVEY

The 12-Year Program (TYP) is a multimodal, fiscally constrained program of transportation improvements spanning a 12-year period. Multimodal means that the TYP encompasses all travel modes including highways, bridges, public transit, aviation, rail, bicycle, and pedestrian.

We document, review, and use public feedback to help identify needs and prioritize transportation projects in the TYP. The survey results will be available online after the Public Comment Period ends.

For special accommodations email RA-PennDOTSTC@pa.gov.
